Welcome to the online ordering system for Gourmet Gorilla Inc.

GOURMET GORILLA'S SNACK AND LUNCH ORDERING SYSTEM

With Gourmet Gorilla's Online Ordering system you can order for your child's lunch and after school snacks on a daily basis:

- Pay online using a credit or debit card
- Have the system email your orders
- Get nutritional information about the meals
- Allow your children to select the food
- Get reminders via email for ordering and payments

HOW IT WORKS

Gourmet Gorilla's Ordering System works by taking orders online for the schools that your children attend according to a "Food Day Run" which offers items available for ordering during a certain time period.

Our ordering system will email you to let you know each time a new Food Day Run is available for ordering.

You can log onto the system as often as you like to place and adjust your order as long as you're finished by the close of the ordering period or, what we call the "Check Date" - the day that the checks are due, if you choose to pay by check.

Be aware that **THE SYSTEM AUTOMATICALLY CLOSSES AT MIDNIGHT BEFORE CHECK DATE!**

You can choose to pay online once you've chosen your items and all of your children in that school have what they need. (If you make a mistake and you've paid by credit card, you can reverse the credit card payment (Refund) on the system before check date).

And that's it; a few days before the first food day you'll get an email reminding you of what you ordered and you can go on the system anytime to see what you ordered.

GET STARTED

To order food on Gourmet Gorilla Inc's order system you'll first need to sign up on our registration page, add children to your account and then order food. Once you've registered you can go back and change your order as often as you like up until the day the checks are due.
